

TARIFF LAW TO STAND

No Tinkering at This Session, Says Cong. Underwood

MOVE AGAINST COLLECTION-AT-SOURCE

Feature of Income Tax—Will Have No Attention, However

Washington, Jan. 30.—Representative Underwood of Alabama, Democratic leader of the House, in a statement yesterday serves notice that there will be no tinkering with the new tariff law at this session of Congress. His declaration was called forth as the result of the introduction of bills in the House within the past few days which would repeal the "collection at the source" feature of the income tax. He is chairman of the committee on ways and means, which has consideration of all such measures. "It is safe to say," Mr. Underwood asserts, "that no bills affecting the new tariff will have consideration at this session. The income tax law is a part of the new tariff law."

Representative Hull of Tennessee, author of the income tax law, declared yesterday that complaints of the administration of the law are premature and urged that criticisms be withheld until the law has been fully tested. The law will work out satisfactorily, he believes, except to those opposed to it in principle. "The confusion now existing," he says, "will be removed as soon as the treasury regulations governing the administration of the tax are fully understood."

\$2,000,000 ASKED TO EXPEDITE VALUATION

The Sum Needed by Commerce Commission for Work on the Railways Next Year.

Washington, Jan. 30.—To hasten the physical valuation of railroads the interstate commerce commission yesterday asked Congress to appropriate \$2,000,000 for continuing the work next year.

No Bail for Beardsley.
Mayville, N. Y., Jan. 30.—Judge Wheeler yesterday denied a motion made in behalf of Edward Beardsley, the Sumnerdale outlaw, that the prisoner be admitted to bail, pending the action of the grand jury, which meets next week. The motion was opposed by the district attorney, who claimed that the conviction of J. W. Putnam, owner of the farm, whom Beardsley shot, was still critical and that a more serious charge might ultimately be lodged against Beardsley.

Hood's Pills

The painless, purely vegetable cathartic; cures biliousness, constipation, all liver ills. Pleasant to take. Work every time. 25c.

GAS, DYSPEPSIA AND INDIGESTION

Time "Pape's Diapiesin"—In Five Minutes Your Sour, Bloating, Gassy Stomach Feels Fine.

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs. Pape's Diapiesin is noted for its speed in giving relief; its harmlessness; its certain unailing action in regulating sick, sour, gassy stomachs. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach troubles has made it famous the world over. Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them; if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eruptions of acid and undigested food—remember as soon as Pape's Diapiesin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.—Adv't.

SEIZURES UNDER FOOD AND DRUGS ACT

Government Apprehends Shipments of Tomato Catsup, Cull Beans, Nuts and Macaroni.

Washington, D. C., Jan. 30.—Upon allegations of adulteration of misbranding, a number of shipments of foodstuffs have been seized recently under the food and drugs act on the recommendation of the department of agriculture. Trials of cases involving these shipments have not been held, but the cases will shortly be brought before the courts yet been had, but all the cases will shortly be brought before the courts when it will be determined whether the government's charges are justified.

Feds to Fight for Circuit.

Chicago, Jan. 30.—War between the Federals and organized baseball will continue until the latter receives the new circuit into its fold according to Secretary Rickart of the Federals. He said the Federals would continue next year their raids on players now in organized baseball.

Advocate State Ownership.

Boston, Jan. 30.—State ownership of street railways and free passage on all cars was advocated before a legislative committee yesterday by labor leaders supported by James L. Cowles of New York and Representative Robert M. Washburn of Worcester, Republican, and C. P. Webster of Botsford, Progressive.

DEFENDED THE A.F. OF L.

President Gompers Before the Mine Workers Answers Moyer

EXECUTIVE COUNCIL NOT BOOZE FIGHTERS

Absurd to Say Miners, Tailors and Women Workers Worse off Than Formerly

Indianapolis, Jan. 30.—Samuel Gompers, president of the American Federation of Labor, defended that organization and its executive council in a speech before the United Mine Workers, answering the charges made by President Moyer that if the copper strike is lost it will be due to the inactivity of the Federation of Labor. Gompers repudiated the statement that the executive council is made up of booze-fighters. He said that of 11 in the council eight are teetotalers. He said, "For me, I take a glass of beer when my day's work is done. I challenge any man to prove that I am not as good a man as I ever was and I have reached my 64th year. In answering charges that the cost of living has increased in 14 years, Gompers said: 'It is absurd to say that miners, tailors, carpenters, and women in the sweatshops are worse off now than 14 years ago.'"

HAVILANDS TAXED WITH \$1,220,849 FRAUD

Government Sues to Recover Damages for Alleged Undervaluation in Invoices.

New York, Jan. 30.—The government brought suit here yesterday against Theodore Haviland & Co., importers of china, to recover \$1,220,849, alleged to be due on imports which were undervalued by fraudulent invoices.

"Let Girls and Boys Play"—Jane Addams.

Chicago, Jan. 30.—"The way to save girls is to allow them to play with boys," is the conclusion of Jane Addams. Girls' schools and boys' schools, she believes, lead to too much sentimentality. "Young girls should be allowed to play with boys at every natural, easy healthy opportunity that is possible," said Miss Addams. "If boys and girls in the formative age are together right along in normal association they will be less sentimental than they would if their being together were a matter of novelty. 'I do not favor any unnatural diversion of boys and girls into separate groups. Where the girls need instruction in social life is in their relations to men. The best results in this may be gained, it seems to me through association in recreation.'"

DON'T SCOLD AN IRRITABLE CHILD

Look, Mother! If Little Tongue Is Coated, Give "California Syrup of Figs"—Children Love It.

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once. When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle. Keep it handy in your home. A little given to-day saves a sick child to-morrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look and see that it is made by the "California Fig Syrup Company." Counterfeits are being sold here. Don't be fooled!—Adv't.

FIRST PUBLIC HEARINGS ON NEW TRUST BILLS

Stanley Suggests Absolute Prohibition of All Restraints of Trade—Courts Can't Decide.

Washington, Jan. 30.—First public hearings on the new trust bills were begun yesterday before the House Judiciary committee. The bill defining restraints of trade prohibited by the Sherman law was taken up. Representative Stanley, who has introduced a bill making every restraint of trade whether "reasonable or unreasonable," a violation of law, made a long argument on clearing up the "twilight zone." He contended that prior to the Standard Oil and Tobacco cases the supreme court had repeatedly held that it was outside of its province to determine whether a restraint was "due or undue, reasonable or unreasonable," and declared that in the Standard Oil and Tobacco cases the "reasonable and unreasonable" feature of the decisions was merely incidental. "The only act that can be effective," said Mr. Stanley, is an absolute prohibition of all restraints of trade. For it is beyond the power of any court to take up and determine the question of facts as to whether a restraint is reasonable or unreasonable." The committee arranged to hear Seth Low of New York next Wednesday.

MERCURY ANTIDOTE CURES.

Victim of 35 Grains Used Chicago Doctor's Discovery.

Chicago, Jan. 30.—Theodore W. Evans, an employee of the Moody Bible institute, will leave the German-American hospital a well and happy man, if plans do not miscarry. Evans asserts that he has been cured by an antidote for mercurial poisoning discovered by Dr. Thomas A. Carter.

Evans swallowed 35 grains of mercury by mistake 10 days ago, and it was thought that he would live only a few hours. Dr. Carter had little hope, but decided to administer an antidote he had discovered by chance and which he had tested on guinea pigs. "I am convinced I have made a discovery that will benefit mankind," said Dr. Carter, "but I hesitate to proclaim it for fear something may happen which might discredit me in the eyes of the medical profession. If Evans is cured I probably will make an announcement of the antidote soon."

McADOO TALKS.

He Defends the Appointment of John Skelton Williams.

Seattle, Wash., Jan. 30.—Bankers from various cities in Washington and Alaska came here yesterday to attend the regional bank hearing conducted by Secretaries McAdoo and Houston, the organization committee. The secretaries were guests Wednesday night at a banquet given by the Seattle Commercial club and in a speech Secretary McAdoo defended the appointment by the president by John Skelton Williams as comptroller of the currency.

"Selfish interests," McAdoo said, "endeavored to defeat the confirmation of the appointment."

Mr. McAdoo said he had been urged by men claiming to represent business interests to advise President Wilson to "say nothing about the trust."

He predicted that the anti-trust legislation now under way would be a "continuation of the beneficent influence of the tariff and currency laws."

Secretary Houston took up the question of membership of the federal reserve board and intimated that there had been no lack of candidates for places on the board. He said:

"I imagine that those who are making special efforts to be considered are not always going to be first to receive favorable consideration because these are positions which in my judgment no man ought to have the presumption to apply for."

CURES CIGARETTE VICTIMS.

Recorder McGovern of Hoboken Rids 300 Men and Boys of the Habit.

New York, Jan. 30.—The crusade which Recorder John J. McGovern of Hoboken, N. J., has been conducting to rid men and boys of the cigarette habit, resulted Wednesday night in 300 men and boys submitting to the "cure." After discussing the cigarette subject with two physicians of the Hoboken board of education staff, the recorder decided to invite all cigarette smokers to his courtroom to be "cured." Present Wednesday night were mothers of small boys addicted to the cigarettes, wives of other smokers, and sweethearts of young men who also used them. The treatment consisted of swabbing the throat with nitrate of silver. The treatment is supposed to affect the mouth of the smoker so that it will be misery for him to smoke again.

Germany Schaefer has cabled Clark Griffith that his terms are acceptable and will immediately forward a contract to play during the coming season.

Melting Prices on Cold Weather Overcoats

If you have failed to "get yours" at this big reduced price overcoat sale, you have missed more than you think. Still a lot of good ones left, and here is a sample of the prices

\$5.00 and up

Winter coats need to be warm and well-made; that's where you realize the importance of the all-wool standard of quality, and the superiority of Hart Schaffner & Marx tailoring. But good style is not to be forgotten, even when the first consideration is warmth and comfort. None of us can be quite indifferent to style, no matter what the temperature.

To-day is a good day to pick up a real bargain and we can prove it in a minute.

Moore & Owens,

Barre's Leading Clothiers,
122 North Main Street Tel. 66-W Barre, Vermont

Load Up with Mayo's

Fill your pipe with this rich, sweet, mellow Cut Plug Burley and you'll know you are smoking real tobacco. Mayo's is as substantial and satisfying as a New England dinner. That's why Mayo's is the year 'round favorite of brawny, hearty New England smokers everywhere.

Mayo's has been New England's favorite smoking tobacco for generations. It has the rich body, satisfying taste and cool, fragrant smoke that afford a sturdy man healthy pleasure and sweet contentment for a lifetime.

Mayo's Cut Plug

Mayo's is still made by the original Mayo's process that brings out all the richness and fragrance of this ripe Kentucky Burley tobacco.

We always have several seasons' crops of tobacco stored away to protect Mayo's quality against a bad crop year. You can rely upon Mayo's being "always good."

Sold everywhere in 10-cent pouches.

THE AMERICAN TOBACCO COMPANY

IN THE FIELD OF SPORTS

At the Pennsylvania carnival on April 23, Fred W. Kelley, the world's champion high hurdler, and Howard Drew, the colored sprinter, will compete. Both attend the University of Southern California. The 100 yard event will bring together two of the fastest sprinters in the country. Drew and Patterson of Pennsylvania. Patterson is the intercollegiate champion. Both have covered the dash event in 9-9 seconds.

Claude Hendrix, the Pirate pitcher, has been signed by the Kansas City club of the Federal league. George Perring, an old leaguer, has signed with the Kansas City team. Perring played in the American association last year. George Tyler, the Boston Brave pitcher, has not yet come to terms with the Boston club. He is dissatisfied with the inducements offered for another year. Mordecai Brown of the St. Louis Feds has been tempting him, but Tyler has deferred his decision for a few days.

Napoleon Lajoie, when approached by a Federal league agent with a contract said: "I'm here in Cleveland to stay. I attribute much of my success to my employer, C. W. Somers, and I would be a rank ingrate to throw him down."

Doc Newton, the Memphis southpaw, is dissatisfied with his transfer to the Galveston club of the Texas league and threatens to quit baseball unless other arrangements are made. Once Newton was a member of the Brooklyn Superbas and the New York Highlanders. He is passing the winter at his home in Burlington, says that he has not yet signed up with the Boston Red Sox. Last season Collins held off until the last moment.

Underground information has been received in the east from Chicago that something of vital importance regarding the future of the Federal league is in the wind. It is said, that Charles Weeghman, the Chicago Fed promoter, might have an announcement to make. According to the rumor a week ago Saturday Weeghman notified the other Federal league promoters that he would give them two weeks to show something in the other cities. The fact that the Federal league affairs are at a standstill in Toronto, Buffalo, Pittsburg, Indianapolis and Kansas City has prompted the rumor that Weeghman will have something to say.

Miller Pontius, captain of the baseball team and star football man of last fall, denies the report that he is to leave

Michigan at the end of the present semester to enter business.

Jean Ford, a brother of Russell Ford, has signed to pitch for the Edmonton club in the Western Canadian league.

Billy Hamilton, the former big leaguer, has been secured to manage the Springfield club of the Eastern association. Hamilton has just been appointed

and will soon assume his duties. When he was in the big leagues he was an outfielder with the Philadelphia and Boston Nationals.

At present there has been no mention of Boston Red Sox players jumping to the Federal league. The reason seems to be that all are perfectly satisfied with their berths.
